Winter Service Form 2023 ~ 2024

NAME: _____

ADDRESS: _____ ZIP: _____

HOME #: _____ CELL #: _____

DATE WINTERIZED: ____/____/____ BY: _____

CAN WE ACCESS YOUR POOL AT ANYTIME? Yes / No
 DO YOU REQUIRE A CALL AHEAD FOR ACCESS? Yes / No

TYPE OF COVER: _____ MESH _____ SOLID W/ DRAIN-PANEL _____ SOLID

Check All That Apply:

- Winter Watch for pool with Mesh or Solid w/ Drain-Panel Cover \$250:**
 Includes 2 visits during the off-season with shock treatments applied at each visit. The following will be performed as needed: Lower water level to 12" (or less) below skimmers, remove debris from cover, blow off deck, adjust cover tension, provide and add winter shock and algaecide treatment, inspect area, and notify customer of any potential issues.
- Winter Watch for pool with Solid Cover \$280:**
 Includes 2 visits during the off-season. *Customer must have working cover pump in place.* The following will be performed as needed: Before our arrival water on cover must be removed. Remove debris from cover, blow off deck, adjust cover & inspect water tubes, test customer's cover pump, inspect area and notify customer of any potential issues.
- Filter cleaning & Winter Storage \$115:**
 Includes deep cleaning of cartridges or DE grid. If your item needs repairs; we will contact you with the estimate and get approval before any repairs are made.
- Polaris Service \$95, plus cost of parts replaced.**
 Break down unit and replace any damaged or worn parts and check the hose for any obvious leaks.
- Scale Inhibitor Addition and/or Acid (Recommended for new plaster pools – the first 3 years)**
 Customer requests Scale Inhibitor and/or acid to be added at each visit.
 ___ Scale Inhibitor is 1 Qt. per 10,000 at \$25.99 each bottle _____ # x \$25.99 = _____ + Tax
 ___ Acid is \$19.99 per gallon x 2 visits = \$39.98

By signing this document you understand that:

- Your filter cartridge/grid/polaris will be delivered back to you at your spring opening. Otherwise, it can be picked up at our store, located in Mt. Airy, at your convenience.
- Between visits it may be necessary for customer to use a cover pump to remove water from beneath a mesh cover (if water level is on tile line) or to pump water from the top of a solid cover (if cover pump is not automatic).
- Debris removed from cover will be left in appropriate area of yard.
- Materials (such as water tubes or balancing chemical) and repairs are not included and will be billed separately.
- If necessary, additional time over 1 hour per visit may be billed separately at \$80/half hour.
- First visit will be performed late fall/early winter, second visit will be performed late winter/early spring. If customer requests additional visits, they are available for additional charge.
